

iNANO Annual Meeting 13 January 2016

Program

8:30-9:00 Registration iNANO House

9:00-9:15 Welcome Address
Director, Prof. Jørgen Kjems

9:15-10:00 Prof. Patrick Bouisseau
"Nanomedicine in Europe: where it comes from, where it goes and how?"

10:00-10:45 Prof. Hubert H. Girault
"Redox electrocatalyses on nanoparticles"

10:45-11:15 Coffee break

11:15-12:00 Prof. Dimitri Argyirou
"The Science Programme at ESS: Perspectives and current status"

12:00-12:45 Prof. Jeremy Baumberg
"Seeing individual molecules by confining light to the nanoscale"

12:45-14:15 Lunch in the canteen at the Dept. of Chemistry Bldg. 1510

14:15-16:15 Poster Session in the iNANO House Foyer
Coffee and Cake will be served

16:15-17:00 Prof. Masaki Takata
"Synchrotron Radiation: Promising nano probe for science, technology & innovation"

17:00-17:15 Closing Remarks

17:30 Welcome drink at the Canteen of the Chemistry Dept.

18:00 Dinner in the Canteen of the Chemistry Dept.
