

FemtoLab National Symposium

“The future of
Femtosecond lasers -
the next 25 years”

25th 52Lab Symposium

Friday the 11th of December. Time 12:30-17:00.

What is the future of femtosecond lasers in science and technology?

Invited speakers:

- Morten M. Nielsen (DTU) – XFEL
- Peter U. Jepsen (DTU) - Long Waves
- Carsten Thomsen (NKT) - Femtoseconds and Industry
- Jonathan R. Brewer (SDU) - Non-linear laser microscopy
- Kjeld Pedersen (AAU) – Femtosecond and surfaces
- Peter Balling (AU) - High Harmonics
- Philip Hoffmann (AU) - fs-photoemission
- Henrik Stapelfeldt (AU) - Alignment
- Peter R. Ogilby (AU) - Dynamic Imaging
- Søren Keiding (AU) - Femtochemistry

Practical Information

- Aarhus University
- Building 1525, Room 626
- Ny Munkegade 120
- 8000 Aarhus C
- No fee – just sign up at:
- info@laserlab.dk
