

# iNANO Annual Meeting 15 January 2015

## Program

8:30-9:00 Registration iNANO House

9:00-9:15 Welcome Address  
Director, Prof. Jørgen Kjems

9:15-10:00 Prof. Mattias Beller  
*"Molecular-defined and Nano-scaled Catalysts for Sustainable Chemical Production and Energy Technologies"*

10:00-10:45 Prof. Wayne D. Kaplan  
*"Structural vs Chemical Adsorption Transitions at Surfaces & Interfaces"*

10:45-11:15 Coffee break

11:15-12:00 Prof. Joachim Rädler  
*"Artificial Micro-Environments for the Study of Cell Behavior - Herding Cats at the Nanoscale"*

12:00-12:45 Prof. Martin Bryce  
*"New Organic Materials for Optoelectronic Device Applications"*

12:45-14:15 Lunch in the canteen at the Dept. of Chemistry Bldg. 1510

14:15-16:15 Poster Session in the iNANO House Foyer  
Coffee and Cake will be served

16:15-17:00 Prof. Alexander M. Seifalian  
*"Development and repair of human organs using nanotechnology and stem cells: from bench to bedside"*

17:00-17:45 Closing Remarks

18:00 Dinner in the Canteen at the Dept. of Chemistry
